**What's New in Spanish with Ms. Taylor**

*En la clase de Srta. Taylor, we are learning all about la escuela – school! Los líderes are hard at work using their current knowledge of español to identify and describe las clases. Whether they're interesante o práctica, difícil o necesaria, los líderes are enjoying exploring something they experience everyday through the lens of Spanish. Apart from our language study, we are learning about the cultures of South America. Los líderes are hard at work on their quarterly portfolio where they are able to explorar la cultura latina by way of listening to música, admiring pieces of arte, learning la danza of certain countries or making and enjoying traditional foods. Now, more than ever, it is essential to learn another language, and los líderes are well on their way to be global thinkers and Spanish speakers.*
